

Drain Do's and Don'ts

Help prevent blocked drains

Do

- Only flush the 3 P's (**P**ee, **P**oo and toilet **P**aper)
- Put food waste in the bin before washing up
- Let fats and oils cool, then pour into a container, seal it and bin it
- Use sink and bath strainers to catch hair and debris

Don't flush or pour...

- Wipes (even 'flushable' wipes)
- Fat, oil or grease
- Sanitary products or nappies
- Cat litter
- Plaster, cement or paint

Rechargeable callout notice

Where misuse is identified (for example wipes, grease, sanitary items or other inappropriate materials), the cost of the repair will be recharged to you in accordance with Community Gateway policy.

If in doubt – bin it, don't flush it!
